

# WARNING!

DRAWSTRINGS CAN CATCH ON OBJECTS  
AND STRANGLE YOUR CHILD!

## RECOMMENDED GUIDELINES

- REMOVE drawstrings immediately.

**OR**

- SEW a seam through the drawstring at the middle of the hood and neck, so neither end can pull out and catch onto an object.

**AND**

- CUT all string ends as short as needed to close the garment.
- Waist/Bottom drawstrings of upper outerwear should measure no more than 3 inches from where strings extend out of the garment.
